OMM BAIDIKA SANSKRUTIKA PARISHAD
At: Malpada, Po: Dhandamunda,
Via: Khaprakhol, Dist: Bolangir (Odisha), Pin: 767028

INTRODUCTION:

OMM BAIDIKA SANSKRUTIKA PARISHAD: Since its inception is struggling for the upliftment of the downtrodden in Bolangir district. In its pace of growth many feasible approaches have been adopted to promote sustainable livelihood options for its target population. To respond the issues started Regional Resource Center, which is mainly concentrating on Study/Bible class/Paster Seminar and Religious Work, research publications and development of Health.

AREA OF OPERATION:

OMM BAIDIKA SANSKRUTIKA PARISHAD:-Is not only confined to Bolangir District, but also extended to its activities to the other district of Odisha State. This extension aims at to replicate the successful program in the area where must vulnerable families like SC, ST, & Others Back words category.

Considering the emerging need of the situation during the reporting period OMM BAIDIKA SANSKRUTIKA PARISHAD concentrated on the following aspects as steps towards its ultimate goal, those are.

- Empowerment of Women
- Education for child labour
- Community Health (especial treatment & referral services)
- Support to community based organizations. Networking with NGOs and lobbying with Govt. dept.
- Audio-Visual and documentary.

Empowerment of Women is adopted as an approach in OMM BAIDIKA SANSKRUTIKA PARISHAD the main areas of concern are to Enhance decision making capacity collective bargaining power among women along with few attempts of economic liberalization, besides increasing functional literacy among the target women population of the project area. The following programs have been designed and implemented during the reporting in the context.

AWARENESS PROGRAMMES:

Independent cultural unit of OMM BAIKKA SANSKRUTIKA PARISHAD is constantly organizing various puppet shows, Magic shows and street plays on different identified issues i.e. protection and promotion of forest SHGs.

Mahila Samity, Panchayat Raj, Antiliquor, NTFP, Literacy etc. The process disseminated forest related laws, rules, regulation information to the community, explained people about the need and importance of savings and collective

action, made the people aware of hazardous effect of liquor consumption and its long term effect on family economy, enhanced knowledge of tribal women on their role and responsibility /Power in Panchayat system, motivate parents to send their children to school and teachers to deliver their duties regularly.

UNORGANISED LABOUR UNION:

A survey has been conducted at Khaprakhol Block to identify existing unorganized labour force. Around 1500 unorganized labour have been identified in 30 programs villages. Series of villages' wise meetings has been organized to unite and explain them the problems faced by them and government rules and regulations which are in favour of this labour force. Anyway this union is still at formation stage. The main emphasis of this union is to organize the unorganized labour force for controlling their lives and to increase collective bargaining power among them.

COMMUNITY HEALTH:

A health problem is acute in the area. Because lack of awareness and of inaccessibility of the interior population to the expensive medicine due to their economic insufficiency. Often they do not go to Hospital, sometimes negligence cost them their lives. The tragic dimension of the tribal health problems especially Women and children get aggravated and left un attended. With emphasis on preventive and curative

measures of health needs during the reporting period OMM BAIDIKA SANSKRUTIKA

PARISHAD concentrated more on immediate health needs along with attempts of health behavioral change among the target population (children and women).

Main disease in the area are common Cold, Cickling, Bronchitis, Anemia, Gynic disease TB, Malnutrition, vitamin deficiencies Malaria etc. Besides this regular village level awareness programs organized by our cultural teams in the project area.

MALARIA ERADICATION AWARENESS CAMP:

Malaria parasites have been spread through the mosquitoes. The Awareness camp that has been organized during November /December Every year, we educate the people about the preventive majors of the disease. Use of mosquito nets, blood examination during any fever, taking malaria preventive doses as a precautionary measures have been taught during camp.

AWARENESS ON LEPROSY ERADICATION:

Leprosy in our society has been recognized as a very dangerous disease (BADA ROGA). The patients of the disease were ill treated by the community. It is still believed within ourselves that it is a contagious disease, but now a day's leprosy can easily be cured if the patient is on the line of treatment. So we aware the people that the leprosy now being a curable disease. Do not hide this disease if it is seems to be leprosy. If this will be detected at the time of beginning stage, then there will be no harm to the human beings. So hiring resources persons from the local health centers to aware the people, we had organized this camp.

WOMEN ORGANISATIONS:

In the process of rural poverty alleviation one should empower the vulnerable section i.e. women. In fact the burden of inequitable development would seem to be disproportionately shouldered by women in household and also at community level. It is been recognized and serious efforts are being made to increase the status quo of women socio-economic & politically, which ultimately leads their positive development.

Formation and strengthening women organizations at various levels in the community is the prime programme of OMM BAIDIKA SANSKRUTIKA PARISHAD in the reporting period. The main aim of these organizational building to create an environment for women of the project area to grow in their own fashion. In the process formation of village level women organization has been given more emphasis and also through various capacity building & Awareness creation programs their functional skills are built, so that they can able to tackle their livelihood related issues, which ultimately benefits a larger mass.

In every village level organization there are around 25 to 50 women, depending on the number of women in the village. Many of these women are actively involved in regular meetings at villages and discussing various problems related to them and their families. Specifically these women organization are supervising the schools and influencing ward member and panchayat members of the same village and mobilizing resources for their members.

SELF HELP GROUPS:

This is the major concern of OMM BAIDIKA SANSKRUTIKA PARISHAD since its inception OMM BAIDIKA SANSKRUTIKA PARISHAD initiated its economic programs with more concentration on women economic empowerment with definite objective. In its tenure of life it formed and strengthened around fifty groups and approximately 200 Nos. of women were involved in it. Promotion of SHGs particularly women groups are leading towards women's economic liberation. In the process regular meetings have been organized to enhance the membership of the groups. Series of capacity building programs were organized to enhance functional skills of the groups so that they could effectively manage the ventures. Series attempts were made to channalise loans to the groups. Through organizing interfaces of banking officials and target population. Add lobbying with bankers.
